TV Status Updates

Today:  Calendar Year:

	Q1	Q2	Q3	Q4	Year
Renewals Received	<input type="text" value="8"/>	<input type="text" value="10"/>	<input type="text" value="10"/>	<input type="text" value="6"/>	<input type="text" value="34"/>
Renewals Issued	<input type="text" value="12"/>	<input type="text" value="11"/>	<input type="text" value="3"/>	<input type="text" value="0"/>	<input type="text" value="26"/>
Renewals Avg Day	<input type="text" value="161"/>	<input type="text" value="252"/>	<input type="text" value="256"/>	<input type="text"/>	<input type="text" value="209"/>

  

	Q1	Q2	Q3	Q4	Year
Initials Received	<input type="text" value="1"/>	<input type="text" value="1"/>	<input type="text" value="2"/>	<input type="text" value="1"/>	<input type="text" value="5"/>
Initials Issued	<input type="text" value="2"/>	<input type="text" value="1"/>	<input type="text" value="0"/>	<input type="text" value="1"/>	<input type="text" value="4"/>
Initials Avg Days	<input type="text" value="130"/>	<input type="text" value="344"/>	<input type="text"/>	<input type="text" value="280"/>	<input type="text" value="221"/>

Total # of Renewal Applications in-house to be issued:

Total # of Initial Applications in-house to be issued:

Total # of renewal reviews that began in 2005 or later and were issued in 2009:

% that were issued within 120 days from beginning review:

Avg. # of days from beginning review to issuance:

# Discussion

- Renewal Applications, modification types, deadlines
- Annual EIQ & Fee Payments
- New TV Sources
- Drop-out Procedures
- Training Workshop February 2010

# Title V Renewals

- Due date is 6 months prior to expiration date
- No extensions of submittal timeline
- Continue to operate under terms of initial permit if timely and complete renewal application filed (application shield)
- Lose application shield if the application is late

## Title V Renewal Reminders

- Reminder letter sent 3 to 4 months prior to application due date
- Phone call one month prior to due date
- Current Format - permit cover page shows the renewal application due date

## Title V Modifications

- Administrative amendments may be implemented by the facility upon submittal of the request to the Department
- Minor modifications may be made immediately after the facility files the application
- Significant modifications require the request to be filed not later than three months after commencing operation of the changed source

# Emission Inventory Questionnaire (EIQ)

- If a facility discovers an error in their EIQ between the March submittal and the July fee payment, please send updated forms with the payment
- It is also helpful to include a cover letter that describes the difference between the two submittals
- Next years EIQ submittals will require CA-01 forms or other documentation of calculation methods used in completing the EIQ.

# Specific Title V Requirements for New Sources (In Order)

- **Annual Emission Inventory**  
(Required from the date you become a Title V source. Due 3/31 next year)
- **Annual Inventory Fees**  
(Required from the date you become a Title V source. Due 7/1 next year)
- **Title V Application**  
(Generally due 1 year from the date you become a Title V source, or specific date for case-by-case determination)
- **Title V Annual Compliance Certification (Due 3/31) & Semi-Annual Monitoring Reports (Due 9/30 and 3/31)**
- **Title V Permit Modifications**  
(Required if construction permits modified or other changes made)

# Drop Out

- Reason for drop out
  - Plant shut-down physically
  - Limited below major source thresholds
- Official request to rescind the TV permit
- Requirements for partial year as a TV source
  - EIQ
  - TV fee
  - Compliance certification
- New minor source
  - All other rules still apply (Construction permit, NSPS, MACT, etc.)
  - Follow minor source inventory requirement

# SPARS Use

- Applications
  - No need to send additional copies to EPA or Polk & Linn Co.
  - No need for data entry by DNR
  - Please remember that Part 2 of the application is required for initials and renewals. The Part 2 may be submitted in hard copy or as an attached document if you choose not to use the SPARs version of Part 2.
- EIQ
  - No need for data entry by DNR
  - Easy to generate report for next year
  - Remember to attach calculation documentation such as CA-01 forms or a spreadsheet.

# Title V & SPARs Training

- The Department will offer training in Title V permitting and SPARs.
- The training will be in the beginning of February of 2010.
- We are planning on the Title V training being a more practical example of completing an initial Title V application as well as modifications.

# Questions?
